Statement of Azucena Zamorano Aleman

My name is Azucena Zamorano Aleman. I lived with Ruben Galindo. We were life partners and we had a daughter together.

Her name is Rubi and she is 4 months old.

Ruben also acted like a father to my 4 other children.

This is a tragic loss. This was avoidable.

The recordings confirm what we already knew.

Ruben was seeking help.

He repeatedly stated he had no bullets. It has been confirmed he had no bullets.

Despite prior statements, Ruben's hands were in the air.

We will work with authorities to ensure a thorough investigation is concluded so that justice can be achieved for Ruben.

At this time, we ask that our privacy be respected so we can try to cope with this situation. Please direct any questions to my attorneys, Brian Hochman and Brad Butler at the above numbers.
